The courageous gift of
Catholic health care

As Catholic health organizations across Canada, we are united in a 400-year healing mission and are inspired by a calling to care for all with compassion and humanity—body, mind and spirit. Together, we are driven to improve health care for all Canadians, especially those at greatest risk, as innovators, advocates and strong partners across our health care system.

inspired to serve

We see health care as a calling—a profound sense of purpose and privilege to serve others, especially those who are most vulnerable. Rooted in gospel teaching, we lead with compassion— serving all in need and in all aspects of what it means to be human.

together in care

We believe that health care relies on openness and trust. In all we do, we work to provide a safe place where partners in the healing journey can connect as people and learn from each other to make the best decisions.

passion for justice

We are driven to make the world a better place, where everyone finds belonging, dignity and worth. We reach out and take action with others to mend and bridge gaps, open doors and create the conditions for a society where all are seen and heard.

courage to lead

We recognize that health care must always change to meet needs, responding with courage, integrity and innovation. As trusted partners and leaders, we make the health system stronger and more resilient, drawing on strong values and ethics and a pioneering spirit.
