

The ***Great Canadian Catholic Hospital Project*** and the ***Catholic Hospital Books/Booklets Digital Project*** was founded by Greg J. Humbert in 2005 when he was an employee of the Catholic Health Association of Canada in Ottawa. He remains the volunteer curator continuing to work on the project after his retirement. The project seeks to document the legacy and contribution of the Congregations of Religious Women in Canada, their mission in health care, and the founding and operation of Catholic hospitals.

## Acknowledgements

It takes many hands and many more eyes to launch a project such as this.

The *Great Canadian Catholic Hospital Project* and the *Catholic Hospital Books/Booklets Digital Project* could not have proceeded without the generous help and interest of many individuals and organizations, especially the Congregations of Religious Women throughout Canada and the Catholic hospitals from many provinces.

I thank in a special way:

- The Catholic Health Association of Canada, now the Catholic Health Alliance of Canada who is the sponsor under whose auspices this project continues. [Mr. James Roche, President of the Catholic Health Alliance of Canada (2008-2013); Mr. Michael Shea, President of the Catholic Health Alliance of Canada (2013-2020); Mr. John Ruetz (2020-)]
- The Osler Library of the History of Medicine, McGill University with whom the project has a long association and collaboration, especially David S. Crawford, FCLIP, Librarian emeritus.

---
